Project Proposal Summer 24-25

Course Title	WEB TECHNOLOGIES	Section	K	#Group	G02
--------------	------------------	---------	---	--------	-----

Group Member

Student ID	Name	Signature
22-47434-2	Atul Biswash	
22-47448-2	Toufikur Rahman	
22-47789-2	Humaira Zannat	

Project Title:

Story Weave .

Short Description:

A platform where users can collaboratively write stories. Like a open source software. An author starts a story with a single chapter and then opens it up for other writers to submit the next chapter. The original author acts as an editor, choosing the best submission to continue the tale, weaving a unique narrative from multiple voices.

Type of user: 1. Reader, 2. Writer/co-Author, 3. Author
